

WHY CONSIDER ROTONICS?

We're here to serve you, and make your job easier. We're trained and experienced to solve any and all of your material handling challenges, including the most complex applications.

If you're looking for a company that can supply you with quality products backed by outstanding services; who can combine production processes with the perfect material handling solution; all designed to surpass expectations, solve multifaceted application requirements, increase the bottom line, and capture customer loyalty...then we're the company for you. Here are some advantages we have to offer:

Reliability:

We have the experience, knowledge, and capabilities. We've supplied material handling containers to top American companies and entrepreneurs for more than 30 years.

Ideas:

We routinely approach our customers with original strategic ideas in manufacturing efficiencies, improved product design, and/or usability improvements.

Return on Investment:

For many of our customers, the return is significant. We've helped improve product performance and manufacturing efficiencies by at least 20 to 30 percent (sometimes over 100%). Our best customers are often obtained because of this success.

Customer Permanence:

Because our efforts "work," over 75% of our customers have been with Rotonics for over 10 years or are recommended via referral.

Results:

The following are some of the results that our clients have enjoyed as an outcome of our work:

- "Rotonics did an excellent job of making the goal a reality".
- After 23 years and 4 vendors "Containers provided by Rotonics hold up the best and encounter the least amount of damage to lids and wheels".
- "Not only do rotationally molded parts have a better structural quality all around, but the strength of parts is improved in specific areas, particularly corners."

Let us help you obtain the same results!
