

## Double Wall Storage Tanks

Item#	Size (Gal.)	Dia. (In.)	Total Ht.		
			Ht. (In.)	w/Lid (In.)	Lid (In.)
6313	18 Gal. Vertical Tank with		21		
63131	21 Gal. Overflow Basin	23	19	23	8
6317	35 Gal. Vertical Tank with		34		
63171	46 Gal. Overflow Basin	23	31	35	8
6319	65 Gal. Vertical Tank with		36		
63191	77 Gal. Overflow Basin	28	32	37	8
6321	120 Gal. Vertical Tank with		44		
63211	140 Gal. Overflow Basin	33	40	44	8

- Available in crosslink polyethylene or FDA-approved high density linear polyethylene
- Primary tank nests securely into containment basin for spill protection.
- Enclosed design prevents debris, rain, etc. from collecting in basin while still providing containment.
- Top surface of tank has designated locations to accommodate meters and pumps.
- Available in natural or other colors upon request.
- Impact and corrosion resistant
- Seamless, one piece construction

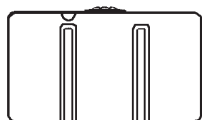

## Poly Cocks

Item#	Size (Gal.)	Bottom Dia. (In.)	Top Dia. w/Lid (In.)	Ht. w/Lid (In.)
33770	3	9	11	11
33772	4	10	13	13
33774	6	11	13	16
33775	7.5	12	14	17
33776	10	13	14	18
33778	15	15	17	20
33780	25	18	20	23
33782	30	18	20	29
33784	50	22	24	32
33786	105	31	33	34

- FDA-approved high density linear polyethylene
- Standard color natural
- Flush top surface for stacking
- Snug fitting lid
- Impact and corrosion resistant
- Seamless, one-piece construction
- Excellent chemical resistance
- Multi-purpose storage containers for food, chemicals, or small parts

## Loaf Tanks

Item#	Size (Gal.)	Ht. w/Lid (In.)	Width (In.)	Length (In.)	Lid (In.)
6435	50	18	26	41	8
6440	100	31	26	41	8
6453	200	30	36	48	8
6457	300	32	42	63	8

- Available in crosslink polyethylene or FDA-approved high density linear polyethylene
- Polyethylene offers tremendous chemical resistance.
- Industrial and agricultural tanks designed for transporting and sprayer applications.
- Loaf tanks come with molded-in grooves for easy tie down.
- Impact and corrosion resistant
- Seamless, one piece construction

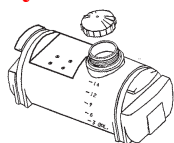

## Pick-up Truck Tanks

Item#	Size (Gal.)	Ht. w/lid (In.)	Width (In.)	Length (In.)	Lid (In.)
36925	195	30	61	38	8
36930	295	30	61	60	8
36935	475	46	65	65	8

- FDA-approved high density linear polyethylene
- Polyethylene offers tremendous chemical resistance.
- Available in sizes to fit both full size and compact pickup trucks.
- Molded-in tie downs secure tanks.
- Low profile for cab visibility
- Impact and corrosion resistant
- Seamless, one-piece construction
- Industrial and agricultural tanks designed for transporting and sprayer applications

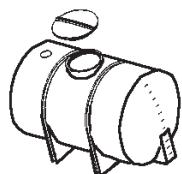

## Sprayer Tanks

Item#	Size (Gal.)	Ht. w/Lid (In.)	Dia. (In.)	Length (In.)	Lid (In.)
6016	15	16	14	32	6
6026	25	19	16	36	6

- Available in crosslink polyethylene or FDA-approved high density linear polyethylene
- Impact and corrosion resistant
- Seamless, one-piece construction
- Polyethylene offers tremendous chemical resistance.
- Industrial and agricultural tanks designed for transporting and sprayer applications
- RMI polyethylene tanks are very durable yet lightweight, and easy to install and clean.
- Ideal for numerous farming containment needs from farm chemicals to potable water
- Tie-down required on horizontal leg tanks for warranty to apply.

## Horizontal Leg Tanks

Item#	Size (Gal.)	Ht. w/Lid (In.)	Dia. (In.)	Length (In.)	Lid (In.)
6439	55	28	24	38	8
6441	110	35	30	43	8
6451	200	37	32	68	8
6442	235	42	38	50	8
6456	300	42	37	70	8
6454	550	56	50	73	8
6465*	1050	51	48	149	17
6469*	3400	80	92	154	16

\*Includes Anti-Sloshing Vertical Molded-in Baffles
