

# Rotonics Polyethylene Storage Tanks

- Capacities from 15 - 6500 gallons.
- Natural, green, or other colors available in HDPE or LLDPE, which meets FDA standards.
- Extremely durable crosslink material available for critical applications.
- Impact and corrosion resistant.
- Seamless, one piece construction.
- UV stabilizers aid in resistance to environmental aging.
- Designed for three specific gravities: 8.5 lbs./gal., 12.5 lbs./gal., or 16.5 lbs./gal.
- Available with fittings and various accessories.

Rotonics has been a pioneer and, for the last three decades, a leading innovator in the manufacturing of all sizes of both Linear and Crosslink polyethylene tanks.

## Durability

- Unparalleled resilience compared to steel or fiberglass tanks.

## Quality

- Delivering high quality products for over 25 years.

## Solutions

- Specializing in the design and application of plastic tanks.

## Service

- Providing exceptional service from 5 Manufacturing locations throughout the United States.

**Limited Tank Warranty:** Rotonics warrants to the original purchaser that tanks manufactured by Rotonics will be free from defects in material and workmanship for a period of (5) years from the date of manufacture, with the exception of D.O.T. and Septic tanks, which have a special warranty. The Guido and Reggy Water Tanks also have a (5) year warranty. Review the chemical resistance guide and warranty instruction information prior to the installation and use of Rotonics tanks.
