Limited Tank Warranty: RMI warrants to the original purchaser all tanks manufactured by RMI to be free from defects in material and workmanship for a period of five (5) years from date of manufacture, with the exception of D.O.T. and Septic Tanks, which have a special warranty. The Guido Tanks also have a five (5) year warranty. Review the chemical resistance guide and warranty instruction information prior to the installation and use of RMI Tanks. Hard-plumbing of tank is not recommended due to the expansive/contractive characteristics of Polyethylene. All weights, dimensions, and gallonage markers are approximate.
