

Establishing an Emergency Water Supply

Official Information from the California Department of Forestry and Fire Protection

Maintain an emergency water supply that meets fire department standards through one of the following:

- A community water/hydrant system.
- A cooperative emergency storage tank with neighbors.
- A minimum storage supply of 2600 gallons on your property.

Rotonics Tanks have provided potable and emergency water supplies for over 30 years

Fittings and accessories installed per your specifications.

Limited Tank Warranty: Rotonics warrants to the original purchaser all tanks manufactured by Rotonics to be free from defects in material and workmanship for a period of five (5) years from date of manufacture, with the exception of D.O.T. and Septic Tanks, which have a special warranty. The Guido Tanks also have a five (5) year warranty. **Review the chemical resistance guide and warranty instruction information prior to the installation and use of Rotonics Tanks.** Hard-plumbing of tank is not recommended due to the expansive/contractive characteristics of Polyethylene. All weights, dimensions, and gallonage markers are approximate.
